### IPE placement program evaluation for Clinical Faculty (Preceptors)

Thank you for your assistance and support of the IPE placement program. Your supervision of a student has been integral to the success of our IPE program. As you know, the IPE portion of your student's placement has finished. We would like your feedback to help us develop the IPE program as we move forward with planning for future IPE learning. We are very interested in your perspective of how the IPE placement experience has affected the students(s).

---

#### Part A: Please tell us about yourself

1. Please indicate your program: \_\_\_\_\_
2. Approximately how many students have you supervised throughout your career? \_\_\_\_\_
3. Were you involved in any of the IPE student tutorial meetings (either as a content expert or introducing the program overall in the introductory session)?

Yes  No

---

#### Part B: Interprofessional Learning Experiences

1. Objectives of the IPE portion of this placement (attending tutorials, participating in the presentation, etc.) included increasing the students' understanding of the roles, contributions and expertise of other health professional, as well as gaining an understanding of the importance of interprofessional collaboration. From your perspective, were these objectives met?

Yes  No  Don't know

Please provide a specific example:

2. How do you think attending this tutorials and preparing for and delivering the IPE presentation affected the student and his/her learning or attitudes overall? Please be as specific as possible.
